

KEEP THE ISLAND SINGING

1 THE SOUND THAT'S CHANGING

Puerto Rico's nights have grown quieter. The coquí sings loudest when the water is in balance — right now, he's finding it harder to keep the rhythm.

2 THE INVITATION

You're not just visiting the Island. You're a guest of the coquí too — and guests get invited into a few small, easy habits.

3 THE ACTION

Small gestures, freely given — a shorter shower, maybe. It all helps keep the song going.

4 THE PROMISE

This isn't about giving something up. It's about joining in. Listen for him tonight; and help keep the Island singing.
